

January 14, 2014

Dear Fellow Humanitarians,

It's a New Year once again. It's a time where we're not only reflecting on this past year, but also striving to put our aspirations into action with the gift of a new beginning. Instead of just obtaining success individually, let's strive to give back as a whole. Even the smallest donation when combined with other contributions will make it possible for our community to help build homes for families that are in need. And already we're off to such a great start. This February, we will be dedicating a home to another Colville Family and would like for you to be part of it. Please watch for invitations.

Habitat for Humanity-Colville Valley Partners remains committed to this mission and with your support we are able to extend our reach to include even more families of need within our community. We know that when a community comes together, there is no limit to what can be achieved. You have already been an integral part of the solution.

The Colville Valley Partners/Habitat for Humanity Board of Directors and I would like to thank you for past support. The families that your donations have helped are beyond grateful for giving them a hand up in their times of need. As you all know, there is still so much more to be done. Enclosed is an envelope for your convenience. Please remember, no donation is too small.

On behalf of the Board of Directors and myself, I would like to thank you for your continued support and kindness within our community.

Best regards to you and yours,

Lisa Meddock

Executive Director
Habitat for Humanity

And on behalf of the Colville Valley Partners/Board of Directors
